Advance your career. Refresh your mind.

Supporting Students with Autism Spectrum Disorder (ASD)

School-Related Professionals (SRPs) often work in a 1:1 situation or in a classroom with students classified with Autism Spectrum Disorder. This seminar will provide up-to-date information on the clinical and associated features of Autism Spectrum Disorder (ASD). You will learn evidence-based, pro-active strategies for helping children and adolescents with ASD succeed in schools today. Our goal of ending the achievement gap between students with and without disabilities requires understanding and addressing the essential factors that can influence their success.

To all SRP members,

This is the third in our series of online seminars. Others include:

Bully, Bullied or Bystander provides an overview of bullying and its impact on the school environment, including school staff responsibilities.

Dealing with Difficult Behaviors offers strategies and intervention techniques for dealing with chronic and extreme behavior.

These online seminars can be used to fulfill Continuing Teacher & Leader Education (CTLE) requirements. For questions, please contact ELT at 800-528-6208.

NYSUT is proud to offer great online professional development appropriate for all SRPs at a minimal cost. Thank you for the great work you do. SRPs are essential to education.

Paul Pecorale, NYSUT Vice President
