Traditional Art Credit

All students are required to complete one unit of credit in the Arts in order to fulfill their graduation requirements. The State Education Department publication, Studio In Art: A Comprehensive Foundation Course, is the course recommended to meet the one unit of credit graduation requirement in visual arts. http://www.emsc.nysed.gov/ciai/arts/pub/sumart.pdf

Career and Technical Education Options:

There are approved Career and Technical Education (CTE) options for students who choose visual arts to fulfill the graduation requirement of one unit of credit in the arts. Students may take Design and Drawing for Production (DDP) to receive one unit of credit in the visual arts. Schools may also offer the State-approved alternative of Housing and Environment CORE (½ unit) and Clothing and Textile CORE (½ unit) to receive that credit.

1. Design and Drawing for Production (DDP)

Design and Drawing for Production (DDP) is an approved course to meet the one unit of arts graduation requirement for all students. The DDP syllabus is aligned with Standard 5 of the Mathematics, Science and Technology Learning Standards and the Visual Arts Learning Standards. Teachers certified in art education or technology education must provide instruction using the State developed DDP syllabus to fulfill the arts credit. It may be used as part of the technology education curriculum or as part of the art education curriculum.

For information on the alignment of visual arts and technology standards in DDP see http://www.emsc.nysed.gov/ciai/mst/pub/techddp.pdf

2. Housing and Environment, and Clothing and Textiles Core

The combined Housing and Environment CORE (1/2 unit) and the Clothing and Textile CORE (1/2 unit) may be used to fulfill the one credit of arts study required for graduation for all students. For information on the alignment of visual arts and the Family and Consumer Sciences standards in the combined Housing and Environment CORE (1/2 unit) and the Clothing and Textile CORE (1/2 unit) go to Infusing Visual Arts Into The Career Development and Occupational Studies Learning Standards: A Supplement to Family and Consumer Sciences - Housing and Environment, and Clothing and Textiles Core Courses at www.emsc.nysed.gov/workforce/FACSE2/facse.html
Background

The State Education Department convened a group of Family and Consumer Sciences (FACS) and Visual Arts teachers from across the State. The teachers reviewed the existing Housing and Environment and Clothing and Textiles Core courses, as well as the Career Development and Occupational Studies (CDOS) learning standard 3B - (Arts and Humanities). Then they aligned the courses with the commencement level Visual Arts learning standards.

Criteria

Housing and Environment Core, and Clothing and Textiles Core courses:

- Share the Visual Arts learning standards at the commencement level.
- Infuse the Career Development and Occupational Studies (CDOS) learning standard 3B for Arts/Humanities.

Charts illustrating the recommendations of the teachers for developing art-infused curriculum for the Housing and Environment Core, and Clothing and Textiles Core courses appear on the following pages. Each chart contains the following information:

Column 1 Family and Consumer Sciences Modules From Core Courses (Housing and Environment; Clothing and Textiles):

Column 2 CDOS (Arts and Humanities) Learning Standards and Key Ideas

Column 3 Visual Arts Learning Standards and Performance Indicators Addressed

Column 4 Sample Integrated Activities
## Family and Consumer Science Modules

Investigate how clothing can be redesigned |
| Module VIII – Careers in Clothing and Textiles | CDOS (Arts and Humanities) Learning Standard 3B | Key Ideas 1,2,3,4,5,6 | 2. c, d | Understand the process for pursuing a career in clothing and textiles |
Career Development and Occupational Studies (CDOS)

Learning Standard 3B (Arts and Humanities) – Students who choose a career major will acquire the career-specific technical knowledge/skills necessary to progress toward gainful employment, career advancement, and success in post secondary programs.

There are six ideas that underlie CDOS learning standard 3B for arts/humanities, and Family and Consumer Sciences.

Teachers will develop instruction to help students achieve the following six key ideas:

1. **Foundation**
   Demonstrate a solid base of knowledge/skills in one or more of the disciplines and the related professions of visual arts, dance, music, theatre, and humanities.

2. **Communication**
   Demonstrate the reading, writing, listening, speaking, graphic and multimedia skills necessary to participate effectively in one or more of the arts/humanities professions.

3. **Aesthetics**
   Demonstrate ability to express informed judgements about the arts/humanities and related professions.

4. **Personal Qualities**
   Demonstrate the skills necessary to function and interact effectively in a variety of settings within the arts/humanities.

5. **Creative Processes and Practices**
   Demonstrate a repertoire of experiences when presenting and exhibition, performance, portfolio, or publication.

6. **Making Results Public**
   Create an ongoing portfolio that demonstrates the competencies and creative processes delineated in the preceding key ideas.

**Note:** For more complete information on the CDOS standards including key ideas, performance indicators and student work samples go to [www.emsc.nysed.gov/workforce/careerdevelopment/cdlearn.html](http://www.emsc.nysed.gov/workforce/careerdevelopment/cdlearn.html).

The CDOS standards can also be found in Section 100.1(t)(vii) of the Regulations of the Commissioner of Education [www.emsc.nysed.gov/part100/pages/1001.html](http://www.emsc.nysed.gov/part100/pages/1001.html).
Learning Standards for Arts Education

Standard 1: Creating, performing, and participating in the arts

Students will actively engage in the processes that constitute creation and performance in the arts (dance, music, theatre, and visual arts) and participate in various roles in the arts.

Standard 2: Knowing and using arts materials and resources

Students will be knowledgeable about and make use of the materials and resources available for participation in the arts in various roles.

Standard 3: Responding to and analyzing works of art

Students will respond critically to a variety of works in the arts, connecting the individual work to other works and to other aspects of human endeavor and thought.

Standard 4: Understanding the cultural dimensions and contributions of the arts

Students will develop an understanding of the personal and cultural forces that shape artistic communication and how the arts in turn shape the diverse cultures of past and present society.

Note: For more complete information on the Arts standards including key ideas, performance indicators and student work samples in dance, music, theatre and visual arts, see the document entitled, Learning Standards for the Arts (Revised Edition, April 1996) at www.emsc.nysed.gov/ciai/arts.html and www.emsc.nysed.gov/ciai/arts/artstand/artstand.html.

The arts standards can also be found in Section 100.1(t)(v) of the Regulations of the Commissioner of Education www.emsc.nysed.gov/part100/pages/1001.html.
