

# I love my school

My name is Christopher Martin. I am 17 years old, and I have been a student at St. Mary's School for the Deaf for 14 years. St. Mary's is my second home. My school has become part of my family. I have friends who are like me. We hang out together and have fun. Being at St. Mary's means I can participate in all sports and not just sit on the bench. I have lead roles in our spring musical. I am on the yearbook staff and might become the editor one day. I am happy to be at St. Mary's and would not want to go to any other school.
