SUPPORTS FAIR TRADE

REVERSE Trick-or-Treating

THANK YOU!

Thanks for sharing candy with me tonight. Halloween and chocolate should be a source of joy for all children, including those in countries where cocoa is grown. Unfortunately, that is not always the case.

WHY?

Despite years of promises from major chocolate manufacturers, there are still problems of forced child labor on many farms that supply their cocoa. And at the bottom of the supply chain, cocoa farmers are still being left in poverty while wealthy chocolate company executives and CEOs make millions.

THERE IS A SOLUTION!

This Fair Trade chocolate is proof that change is possible — today. Fair Trade certification prohibits the use of abusive child labor, and encourages the adoption of safer, chemical-free farming methods. The guaranteed Fair Trade price paid for cocoa raises farmers' incomes and supports a more environmentally sustainable small-scale farming model — providing hope for a better future for all children!
